Moved by Geasler supported by Burner to approve the treasurer's report for May 2018. All in favor, motion carried.

DPW Supervisor Rob Frank discussed the projects that he is working on: the concrete at the top of the steps leading to the post office and around the bricks around the light pole in the same location need to be replaced. He mentioned replacing with cement and the board thought that would be fine. He has the product to seal the sidewalks and is waiting for the weather to complete the project. He is still looking at how to protect the dumpster enclosure from vehicle damage. Lastly he is getting bids to remove the dying evergreens and replace with some other form of landscaping in the downtown area.
